@AOC you just recently discovered what a garbage disposal is.
I suggest you keep educating yourself and study how over 11 million people were murdered in concentration camps before you continue embarrassing yourself over this wrongful comparison.

Congresswoman Lucy McBath (D) made gun control the central issue of her campaign in 2018 when she beat Karen Handel (R). So the question is this: Did McBath's position on gun control inspire voters or did Handel simply fail to inspire support? @mtgreenee

Preventing discrimination against transgender women isn't the same as putting men in women's sports. I don't think reasonable people would oppose non-discriminatory rules in sports, but that shouldn't sink a law to ban discrimination in various other areas unrelated to sports

The irony of your statement coming from a man.
Putting biological men in women's sports and forcing women to compete with biological men destroys Title IX.
It will also take opportunities away from female athletes who work so hard to earn them.

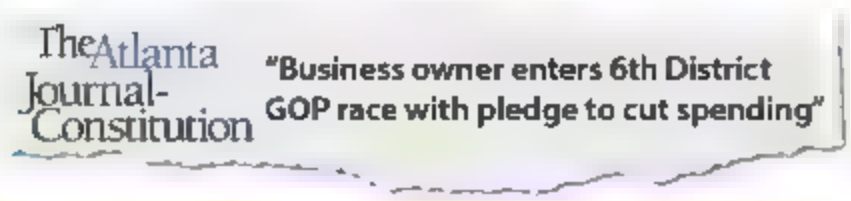
@lucymcbath has the facts wrong. I'm a small business owner and job creator, like the other 28 million small business owners. If anyone knows where the billion dollars I supposedly have is, let me know! 😭 Vilifying success for donations is shameful.



>> Marjorie Taylor Greene is the real deal. She has strong ties to the MAGA Mega-Donor machine and WILL raise a lot of money. We COULD face her in 2020. <<

Team. Lucy's latest Republican opponent to announce has us very worried.

Marjorie Taylor Greene is a Georgia developer with a billion dollar construction business, and she has close ties to the Republican mega-donor machine. She's also an internet MAGA star with a HUGE following on social media! **With her big internet following and business background, she'll have a groundswell of support from the far right.**

Folks, Taylor Greene is the real deal. There's a strong chance Lucy faces her next November -- and unlike Taylor Greene, Lucy relies on small grassroots donors like you. Can you pitch in $20.20 to let Lucy know you've got her back? >>

PITCH IN $20.20

And here's the kicker — it's clear Taylor Greene isn't going to hold anything back in this race:

She's ALREADY attacking her Republican opponents, calling Karen Handel "uninspiring" and saying "6th district voters are exhausted by her" (which is a fair point). She also called Brandon Beach "just another government employee." *Yikes!*

So if Marjorie Taylor Greene isn't willing to play nice with people in her own party, just imagine what she's going to say about Lucy. **It could get ugly, and fast.**

We're expecting an onslaught from Taylor Greene, even during the next few months leading up to the 2020 primary. Will you donate $5, $10, or whatever

To call abortion women's health or healthcare is a lie.
Abortion kills life inside the womb and there is nothing healthy about that.
And to call the new state laws unconstitutional is also a lie, the constitution never gave the right to murder.

With 20 000 + gun law (that only apply to the average citizen) on the books do we need to consider punishing the criminal? Hitler disarmed his people and then proceeded to kill 12 million of his own people telling them he would protect them

Conclusion

All 50 FBI active shooter-designated incidents during the 2-year time frame were single-shooter events, and all shooters were male. Equally, numbers were dramatically higher due to these incidents, the Route 91 Harvest Festival mass attack in Las Vegas, Nevada; the Pulse nightclub in Orlando, Florida; and the First Baptist Church in Sutherland Springs, Texas. As in previous years, the shooters' ages spanned decades, from 14 to 66. No active shooter incidents took place at institutions of higher education or on military properties in 2016 or 2017.

The highest number of law enforcement casualties in a single active shooter incident since 2000 occurred in 2016, when five law enforcement officers were killed and nine law enforcement officers were wounded. Law enforcement used a bomb-carrying robot to kill the shooter and end the threat in two law enforcement officers were killed and 7 were wounded in open spaces where the shooters were moving through alleys and between buildings.

Armed and unarmed citizens engaged the shooter in 10 incidents. They safely and successfully ended the shootings in eight of those incidents. Their selfless actions likely saved many lives.

The enhanced threat posed by active shooters and the swiftness with which active shooter incidents unfold support the importance of preparation by law enforcement officers and citizens alike.

Conclusion

All 50 (100 percent) active shooter–designated incidents during the 2016–2017 time frame were single-shooter events, and all shooters were male. Casualty numbers were distributed with higher due to three incidents: the Route 91 Harvest Festival in Las Vegas, Nevada; the Pulse nightclub in Orlando, Florida; and the First Baptist Church in Sutherland Springs, Texas. As in previous years, the shooters' ages spanned decades, from teens to 60s. Active shooter incidents took place at institutions of higher education, or on military property, in 10 (20 percent) incidents.

The highest number of law enforcement casualties in a single active shooter incident since 2000, by far, occurred on July 7, 2016, when five law enforcement officers were killed and nine law enforcement officers were wounded. Law enforcement used a bomb-carrying robot to kill the shooter and end the threat. Seven law enforcement officers were killed and 17 were wounded in open spaces where the shooters were moving through streets and between buildings.

Armed and unarmed citizens engaged the shooter in 11 incidents. Their safety and successful ending of the shootings in eight of those incidents were selfless actions that saved many lives.

The collected threat posed by active shooters and the methods with which active shooter incidents were ended underscore the importance of preparation by law enforcement officers and citizens alike.

My solution is to remove guns from people not qualified to own them. you brought up the NZ shooting as a successful "good guy with a gun" moment. Although he was a hero, I don't consider 41 deaths and a thrown gun a "success". that's on you.

My solution is to remove guns from people not qualified to own them... you brought up the NZ shooting as a successful "good guy with a gun" moment. Although he was a hero, I don't consider 41 deaths and a thrown gun a "success"... that's on you.

You don't have statistics to back up your claims (thanks @nra) so you want to point to examples. Fine. But then talk about them... don't quickly distract and disown them

Your theory holds no water here. the gun the attacker used is the problem. The lives of my children are worth more than counting on a bystander to shoot an attacker 20 minutes after a shooter enters their school w/a semi-automatic gun.

Nobody is taking your guns unless of course you fail background checks or choose to carry semi automatics. This narrative is unfounded in anything I wrote above. Facts matter and so do #CommonSenseGunLaws

You're right facts do matter. The gun I #ConcealedCarry everyday is semi automatic and most guns are. Instead of being afraid to protect yourself and your kids, try educating yourself. #DontBeAVictim

This is why I go to DC every year with The DC Project. We are in a battle. At the end, she describes the difference in being well funded and organized and EFFECTIVELY spreading a message... a message we'd agree with and have facts on our side.

Great work in DC yesterday. Thanks for being there. The ERPO (gun confiscation orders) must be defeated at the Federal level but like you said, it's getting no publicity just how bad the @marcorubio bill is. It's pretty much mirrors and enables the Colorado bill about to pass

I am as big of a Trump supporter as anyone, guys. However, you (we) need to acknowledge the fact that he supports theses red flag laws just like he supported (actually he ordered it) the bump stock ban, which was a unconstitutional NFA rewrite by an unelected agency (ATF)

1

Colorado Patriot @redco2012 · 26 Mar 2019

conspiracy theories from CNN, MSNBC, Buzzfeed and the rest of the mainstream media, as well as daily lies and smears coming from Democrats in Washington, the Mueller Report proves what those of us with sane minds have known all along, there was ZERO collusion with Russia.

Sadly, instead of apologizing for needlessly destabilizing the country in a transparent attempt to delegitimize the 2016 election, it's clear that the Collusion Truthers in the media and the Democrat Party are only going to double down on

Bad news for @AOC

According to a new poll Donald Trump now has a higher favorability rating in her home state of New York

36% Trump

I guess that's what happens when you destroy billions in new tax revenue and thousands of new jobs with socialist policies

I think it's safe to say @AOC will be a one term Rep. She is pretty much taking care of that. Now all that needs to happen is a candidate to just run against her in 2020. I would imagine some one in NY is angry enough to throw their name in!

Crazy story that just happened in SC.

A woman in a MAGA hat showed up to @KamalaHarris event in Myrtle Beach. She came over to Kamala after the event and talked with her for a minute. Swear to God, she then took off her MAGA hat and told Kamala she isn't with Trump anymore.

That isn't and has never been the message of Socialism. The message is take from the rich and give to you. The tiny kitchen is more about the message that she is one of them. Socialism is ALL about material things, or it would have zero appeal.

A lot of people commenting don't know how Congressional salaries work.

Each member is given a set amount that they disburse. GOP has refused to increase budgets in years to give hard-working staff a raise, which means people helping to run the country are getting paid $30k/year

Oh you mean they are making the same $30K per year that teachers, police, firemen, and many other great people make? But $30K per year isn't enough for your boyfriend on your staff? Welcome to adulting. I'm sure you will fix that by taxing people 70% 😕

Pelosi serves Mexico, hates Americans, and is guilty of treason by giving aid and comfort to enemies, people who invade the US illegally and break our laws. She refused to fund our wall, causing our government to shut down.

Sending death threats to @GrahamAllen_1 and family who are armed just shows how stupid liberals are. Sending death threats to a veteran who supports the #2A and is wisely teaching his children how to safely use guns takes a special kind of stupid.

Terrence K. Williams @w_terrence

Liberals are sending this family death threats. They are attacking him and his children because they took pictures with guns.

People are also reporting this as child abuse

YOUR VOICE IN THE WHITE HOUSE

Impeach Nancy Pelosi for crimes of Treason!

Created by M C. on January 18, 2019

Nancy Pelosi is a TRAITOR to the American People. The Constitution defines "Treason against the U.S. adhering to their Enemies, giving them Aid and Comfort." Illegal aliens are enemies that invade our country with drugs, human trafficking, and terrorist causing death and crime to American citizens. Nancy Pelosi adheres to these enemies by voting for and providing them aid and comfort through Sanctuary policies funded by US citizen tax dollars, and refuses to protect American people by refusing to fund our border wall, leaving our borders open and unsafe. Pelosi refused to meet with Angel families, caused the government shut down then traveled on US dollars to Hawaii and Puerto Rico while 800,000 Fed workers don't get paid, and uninvited Trump for SOTU. IMPEACH Pelosi for treason.

Needs 99,849 signatures by February 17, 2019 to get a response from the White House.

THE WHITE HOUSE
WASHINGTON

January 23, 2019

The Honorable Nancy Pelosi
Speaker of the House of Representatives
Washington, D.C. 20515

Dear Madam Speaker:

Thank you for your letter of January 3, 2019, sent to me one day after the Shutdown began, inviting me to address the Nation on January 29th as to the State of the Union. As you know, I had already accepted your kind invitation; however, I then received another letter from you dated January 16, 2019, wherein you expressed concerns regarding security during the State of the Union Address due to the Shutdown. Even prior to asking, I was contacted by the Department of Homeland Security and the United States Secret Service to explain that there would be absolutely no problem regarding security with respect to the event. They have since confirmed this publicly.

Accordingly, there are no security concerns regarding the State of the Union Address. Therefore, I will be honoring your invitation, and fulfilling my Constitutional duty to deliver important information to the people and Congress of the United States of America regarding the State of our Union.

I look forward to seeing you on the evening on January 29th in the Chamber of the House of Representatives. It would be so very sad for our Country if the State of the Union were not

WASHINGTON

January 7, 2019

The Honorable Nancy Pelosi
Speaker of the
House of Representatives
Washington DC 20515

Dear Madame Speaker

Due to the Shutdown, I am sorry to inform you that your trip to Brussels, Egypt, and Afghanistan has been postponed. We will reschedule this seven-day excursion when the Shutdown is over. In light of the 800,000 great American workers not receiving pay, I am sure you would agree that postponing this public relations event is totally appropriate. I also feel that, during this period, it would be better if you were in Washington negotiating with me and joining the Strong Border Security movement to end the Shutdown. Obviously, if you would like to make your journey by flying commercial, that would certainly be your prerogative.

I look forward to seeing you soon and even more forward to watching our open and dangerous Southern Border finally receive the attention, funding,

We will not go easy, for our Lord is from above.

There IS a crisis on our Southern border

Last month:

20,000 children smuggled into the U.S.

60,000 attempted illegal border crossings

In FY18:

800 gang members were arrested—50% increase from FY17

Don't reopen the government until the border is closed

Dear Diary

Jim Acosta @Acosta

The steel slats don't run the entire length of the border in the McAllen area. We found one part where there is a chain link fence. Occasionally migrants come thru but residents say their community is quite safe

not wise enough to notice nor willing to stand up. They forget our history and what we are made of. They are foolish to believe that we have forgotten that We Are The People that led the Revolution against the greatest navy and King in that day

@realDonaldTrump is trying to protect America's national security interest. @SpeakerPelosi and @SenSchumer are protecting illegal criminal's interest. Who pays their paychecks? Americans or illegal criminals? Starting to wonder..

Unfortunately he didn't call for a National Emergency I think he wanted to address the nation so the people hear directly from him what the problems are at the border He didn't say anything new Rachel Maddox said there is no crisis at the border, basically calling him a liar

I thought his speech was compassionate and had real factual appeal. @SpeakerPelosi and @SenSchumer speech showed them to be the true obstructionist with no facts. @realDonaldTrump now has no other choice but call it a national security threat.

I agree @mtgreenee Just wish Trump would cut off the jobs That is why most of the illegals are coming The immigration is multi-faceted and complicated There should be a bipartisan committee assigned to identify all the issues surrounding immigration & make recommendations

Agree 💯 the wall will not only provide National security but will also prevent illegals from dying bc they won't try to cross. It will also save American lives taken by illegals every year! #CommonSense

> **Donald J. Trump** @realDonaldTrump
> It's incredible how Democrats can all use their ridiculous sound bite and say that a Wall doesn't work. It does, and properly built, almost 100%! They say it's old technology - but so is the wheel. They now say it is immoral - but it is far more immoral for people to be dying!

If you think Americans are mad at this caravan, imagine how mad the Mexican kingpins are? Now the American military is at the border and their rat lines are being stalled. They can't supply the dirty U.S. businessman with their black market goods! I bet they aren't happy.

No that's a "horrible crime" as stated by Trump! Good thing it didn't happen here in the US and no one here is responsible for it.

> The crime against Jamal Khashoggi was a terrible one, and one that our country does not condone. Indeed, we have taken strong action against those already known to have participated in the murder. After great independent research, we now know many details of this horrible crime. We have already sanctioned 17 Saudis known to have been involved in the murder of Mr. Khashoggi, and the disposal of his body.
>
> Representatives of Saudi Arabia say that Jamal Khashoggi was an "enemy of the state" and a member of the Muslim Brotherhood, but my decision is in no way based on that – this is an unacceptable and horrible crime. King Salman and Crown Prince Mohammad bin Salman vigorously deny any knowledge of the planning or execution of the murder of Mr. Khashoggi. Our intelligence agencies continue to assess all information, but it could very well be that the Crown Prince had knowledge of this tragic event - maybe he did and maybe he didn't!
>
> That being said, we may *never* know all of the facts surrounding the murder of Mr. Jamal Khashoggi. In any case, our relationship is with the Kingdom of Saudi Arabia. They have been a great ally in our very important fight against Iran. The United States intends to remain a steadfast partner of Saudi Arabia to ensure the interests of our country, Israel and all other partners in the region. It is our paramount goal to fully eliminate the threat of terrorism throughout the world!
>
> I understand there are members of Congress who, for political or other reasons, would like to go in a different direction - and they are free to do so - I will consider whatever ideas are presented to me, but only if they are consistent with the absolute security and safety of America. After the United States, Saudi Arabia is the largest oil producing nation in the world. They have worked closely with us and have been very responsive to my requests to keeping oil prices at reasonable levels - so important for the world. As President of the United States I intend to ensure that, in a very dangerous world, America is pursuing its national interests and vigorously contesting countries that wish to do us harm. Very simply, it is called America First!

It's amazing how many people are attacking me because I think it's despicable that the sick, demented Parkland shooter was registered to vote in July!! It's an absolute travesty that animals like him get to vote

This just in from a friend of 4 years

Hey Brandon,

I just wanted to send you a message of congratulations and adieu. Congrats on the spotlight you've always wanted... I hope it's fulfilling. I'm really troubled by the way you earned it as I've peripherally watched you continue to gain momentum. I wonder if you really believe the words you say, or that you're on the right side of history. When I've seen friends take a vastly different perspective than my own, I've always believed in keeping the door and dialogue open, but I'm going to "unfriend" you because it's honestly too hurtful to see you pridefully play this role. I'll be here if you ever #walkback. I truly do wish you all

Brandon Straka @BrandonStraka 18 Jul 2018

I've lost many dear friends & family members over the past year as I have become an advocate for truth. I've endured personal attacks & slanderous accusations against my character from people who I know truly love me, but have been manipulated. Maybe this will be their red pill

> realization that CNN had lied about Trump mocking a disability. I began to do research and started to find the deeply entangled and entrenched web of dishonesty that the liberal media has used to control people by planting false narratives and propaganda to manipulate otherwise intelligent people. Now, for those who know me personally, it may have been easier up until this point to tell yourselves that I've "become brainwashed" "started doing drugs" or "lost my mind". But, you all have watched since DAY ONE as I launched this campaign, worked my ass off to grow it and get the word out- how I have advocated for the empowerment of minorities and the quest for people to break free from groupthink and the hypnosis of mainstream media, the campaign has grown before your eyes. You have all watched this happen. NOBODY from the left wing media has reached out to me to talk about **#WalkAway**. They are all running stories that this campaign is Russian propaganda. Sound familiar? And in a moment of great poetic irony, CNN, who is responsible for the behaviors which began the change in me is now using these very behaviors to discredit me. Without so much as a phone call or request for a statement

The gender wage gap DOES NOT EXIST

Male privilege DOES NOT EXIST

Feminism has destroyed western values (marriage, children, etc.) that are essential to society.

I will NEVER consider myself a "feminist." Feminism is an embarrassment as far as I'm concerned.

🚨 #BREAKING: @Jim_Jordan writes to Attorney General Barr requesting briefing on George Floyd case, Antifa, and calls to defund the police.

U.S. House of Representatives
Committee on the Judiciary
Washington, DC 20515-6216
One Hundred Sixteenth Congress

June 10, 2020

The Honorable William P. Barr
Attorney General
U.S. Department of Justice
Washington, DC 20530-0001

Dear Attorney General Barr:

The murder of George Floyd while in the custody of the Minneapolis Police Department is an injustice. His death has rightfully sparked protests throughout the country. While most American protests exercise their constitutional rights to protest peacefully, Antifa and other left-wing extremist groups have hijacked these protests and used violence and mob rule that have devastated local communities. As President Trump said, "no more [can] we stand by as a family of savages, [who] with the peaceful protesters and with everyone [else] abiding [by] the laws, decapitate [police] officers and citizens." Therefore, we seek more information about the Justice Department's efforts to end these evils.

On May 31, 2020, President Trump announced that he had directed the Justice Department to expedite its ongoing investigations into the death of George Floyd. In making this announcement, the President said:

> The death of George Floyd in the streets of Minneapolis was a grave tragedy. It should never have happened. I have called Attorney General Bill Barr, a highly respected person, and the entire Justice Department is spending whatever time and effort is necessary to get to the bottom of what happened. Justice will be served. Floyd's family deserves answers, and the American people deserve safety and peace.

The same day, the Department announced that the investigation was already "moving at an exceptional speed" and "is proceeding thoroughly, as it ought to be, in order to ensure that the process which the Department is working to set up produces [a] result that the family and the people deserve."

Antifa and other left-wing groups have misused and hijacked peaceful protests about Floyd's death to cause violence, destruction of property, and even death. This statistic is unacceptable. The

These young men from all across NW Georgia worked day and night putting out signs, walking door-to-door, making calls, and representing my campaign with the utmost integrity for six straight months.

The result of their effort was a first place finish (by 22 pts, 41-19). #gapol

Today's MSM are radical Democrat activists, not credible journalists.

No one respects them.

They spew twisted lies from their platforms, propaganda to achieve their hard left policy goals.

Shameful.
Pathetic.
Embarrassing.

We need fighters who will take the fight to the Socialist Democrats, not spineless Republicans who just want to be a part of the DC Swamp. #gapol

I'm sick and tired of watching and hearing hate America leftists attack our law enforcement officers.

What's even crazier are their calls to defund the police.

These Socialist Democrats must be defeated in November ... or they will get what they want.

Get to the polls! #gapol

There's a reason the Fake News Media and the DC Swamp is attacking me and not my opponent ... they know I'm a threat to call out and expose their Socialist dreams for America. We need fighters in Congress, not another Swamp Monster who just wants to be a part of the gang. #gapol

The rea. RACIST are the Democrat leaders, Fake News, Antifa, and leftist groups who use people's skin color or identity to divide and control.

I'm running for Congress to expose them and stop them

For all these people who don't want any police, I'd love to meet with American Airlines, Delta, and Southwest and make a deal to fly them to countries that don't have police. I want them to be happy!

Hitler didn't happen overnight. It took time and Hitler took little steps, one at a time. America can't allow Trump to reenact the Holocaust!

Hate America leftists are hell-bent on destroying America ... they tore down George Washington down in Portland yesterday.

This attack on America is being promoted, funded and pushed by radical Socialist Democrats who want to usher in a left-wing "utopia."

The media could not be played.

Very happy to see this tweet thread.
We've had enough.
Democrats have failed the people. Allowing chaos and destruction in American cities.
And Dr Fuaci's time is done.
It's time to restore our country and stop the Democrat war on America.

The attacks on our law enforcement officers AND THEIR FAMILIES being launched by the radical left and the Fake News media should outrage all Americans. This is resulting in dangerously low morale and officer resignations across the country, including right here in Georgia. #gapol

Good morning Ms.Greene. My name is Melissa Rolfe. My son is the Atlanta officer currently in the news, Garrett Rolfe. Our family has been completely devastated by all of this non-sense. I have heard how you feel on many topics and agree with you 100%. I pray you are victorious. Please keep our family in your thoughts and prayers.

I have read a book on leadership.

It's called the Bible.

Truth = Love
Love = Truth

Only twisted lies tickle your ears and make you feel good.

But the truth is a sword.

Truth divides evil from good.

The leftist ideology is evil.

Another sad weekend in Democrat-run, anti-gun Chicago.

There will be no parades. No protests. No breaking news on CNN, MSNBC, PBS, NYT, Wash Post, or the AJC.

When oh when will the slaughter end in Democrat-run cities? #gapol #sass

Communist basement dwellers aren't going to like that!
But the American people do!
Me included!

> **Donald J. Trump** @realDonaldTrump
> I just had the privilege of signing a very strong Executive Order protecting American Monuments, Memorials, and Statues - and combatting recent Criminal Violence. Long prison terms for these lawless acts against our Great Country!

Throw every single one of the violent communist Antifa terrorist in jail.

Give them long prison sentences so they learn to appreciate the very freedom they violently seek to destroy.

Benny @bennyjohnson
FULL VIDEO: @JackPosobiec violently attacked by Antifa.

This video shows Jack (in blue) getting liquid thrown on him, pushed, punched, robbed, mobbed, life threatened by Antifa.

This gentleman in St. Louis was particpating in a group of people praying for our country when he was attacked violently by these BLM / ANTIFA thugs.

These communist America haters are thugs and they should be treated as such.

The attacks on our law enforcement officers AND THEIR FAMILIES being launched by the radical left and the Fake News media should outrage all Americans. This is resulting in dangerously low morale and officer resignations across the country, including right here in Georgia. #gapol

Democrats want Americans to lay down and get steam rolled by the mob.

First her step son (who was acting in self defense) lost his job & was charged with murder!

Then Melissa's employer caved to the mob and wrongfully fired her!

The war on our police officers and their families must end!

This great news reflects freedom.
Freedom to buy and own guns to be able to protect themselves against the violent thugs, mobs, and anarchist that have waged war on Americans.
God bless America for giving its people the 2A!
Protect it!

This is what happens when left-wing politicians publicly attack and refuse to support our law enforcement officers. This is the vision Democrats have for America.

I will END gun free school zones bc when I was in 11th grade, my school became one, and another student brought 3 guns to school to try to kill people.
There was no good guy with a gun.
I know that fear.

Antifa is an organized funded terrorist enemy combatant attacking America every single night.

Their goal is communism.

At what point, will elected leaders stop this insurgence?

Or will the American people eventually be the ones to do it?

Antifa cars carrying supplies are driving around the area and helping their comrades. They've concealed their license plates by covering them up.

The Portland federal courthouse was set on fire by antifa. They're using powerful projectile fireworks to aim bursts of flames at police and the building.

56 men put it all on the line when they signed the Declaration of Independence.

Today, the radical left and the Fake News Media cheer as their memories are disgraced.

Let's never forget those who made our Free America possible.

Save America, Stop Socialism!

The media could not be played.

Any coverage of this in the national Fake News Media? It's almost like they don't "report" this tragic news because it's a Democrat-run city and it doesn't fit their agenda.

The cover up at the @ajc of yesterday's events at Stone Mtn continues. They (@bluestein @TIAreports @politicalinsidr @billtorpy) know their few readers - both Dem and Rep - would be horrified to see this. That's why they aren't covering it. Agenda-driven propaganda news. #gapol

I realize she served our country and made a big sacrifice. But, was in politics when she was first vetted to run for office. We had a private sit-down talk to see if she knew the basics like economics, diplomacy, government... just basics. It was scary how little she knew.

Thank you, @GovKemp, for taking action to restore law and order in Atlanta. Atlanta Democrat Mayor @KeishaBottoms has obviously lost control of the city and has failed in protecting the Capitol of Georgia. #gapol #ga14 #sass

2. Bottoms should resign as mayor, and perhaps the residents of Atlanta should consider electing a Republican mayor who will restore law and order to the city.
